This exceptional property has a 1,000m² (approx) building platform identified within the property and allows for spectacular mountain and landscape views, and it is adjacent the Kingston Flyer train tracks between Kingston and Fairlight and the “Around the Mountain” Cycle way from Kingston to Walter Peak Station and boarding the TSS Earnslaw Steamship to Queenstown (via Fairlight, Garston, Athol, Five Rivers, Lumsden, Mossburn, Movora Lakes and Mt Nicholas Station).

The world famous Mataura River at Fairlight, and to the south of lot 4, is recognised as one of the great fly fishing rivers in New Zealand, and attracts many overseas visitors each year.

A great boat ramp at Kingston wharf, just a few minutes from the property, provides access to Lake Whakatipu, and the Kingston Railway Station provides the locals with a fabulous tavern, café, bar and restaurant. There is a Coffee shop on the State highway at Kingston and the famous “Coffee Bomb” caravan at Garston which also provides a great selection of meals.

This property lends itself to a fishing Lodge, a BnB operation, or just a private retreat, and the land is suitable for running animals or planting crops.

The property has both underground power and fibre to the boundary, and water and sewage facilities will be provided by the purchaser.

An existing resident in the subdivision has two 30,000L water tanks, and finds that water supply completely adequate for a residential home and watering the trees and plants on their property.

Located just south of the lakeside Kingston, the beautiful landholding will appeal to those seeking space and privacy, whilst still being handy to Queenstown’s amenities and international airport.
